

# Terms and Conditions

Prior to each event the planner and I will walk around Stillwater Meadows to see that all is in good working order, left as such by the previous guests. This way we'll know all is in good working order with the facility for you and your guests.

Each of these areas will be inspected by us for your ease of mind so you know that your deposits are being held in good faith during the use of the grounds. Deposits will be refunded when things are found to be in good working order.

Under no circumstances will confetti or glitter be allowed during your event. Use of these items will forfeit both of your deposits.

These areas will be inspected before and after each event.

The Pavilion

The changing room/bathroom barn

The Catering barn

The grounds around the facility

The creeks

The path to the waterfall

The garbage
